

# Crafting digital experiences for business owners & health organizations that drive meaningful impacts

Chip is a Digital Product Designer. Over the past 4 years, he had the privilege to help big corporates (IBM), to startups ie. KFit (acquired Groupon) & LikeBright (acquired by Rhapsody) with user interface, marketing & brand identity.

Embracing design thinking and human-centered innovation, he works with various business owners, customers and other stakeholders to find out their needs, develop prototypes, and translate the design concept into user-centered web or mobile apps.

# a2a Network

a2a Global Network is a Data Technology Consumers Platform that consumers can leverage on to earn Loyalty Points from their online and offline shopping and generate uninterrupted passive income.

a2a simply stands for 'anyone to anyone', 'anywhere to anywhere' and 'anything to anything'.

The bottom half of the image displays a grid of nine screenshots from the a2a mobile application.

- Top Left:** Home screen with the a2a logo and tagline "SHARE • GROW • EARN".
- Top Middle:** A promotional screen titled "Turn Your Phone Into A Money Making Machine" featuring a hand holding a smartphone with a QR code. It says "Shop like usual from your online and offline shopping, but now you can earn Loyalty Points!" with "Sign In" and "Sign Up" buttons.
- Top Right:** A promotional screen titled "Get Cashback From Your Favourite E-Shops" showing a blue wallet icon. It says "From over 500 stores like Lazada, Zalora, Kinokuniya, Ezbuy with up to 30% cashback." with "Sign In" and "Sign Up" buttons.
- Middle Left:** A screen titled "a2a Full Premium Membership" with a "Premium" badge. It says "Get the complete a2a experience. Unlock every exclusive Premium features available and save more!" with a "Basic" and "Premium" section. The "Premium" section shows "RM 30 for lifetime" and a list of features: Anywhere access, Smart Sync, Full text search, Mobile offline folders, and Camera upload.
- Middle Middle:** A screen titled "Enter Referral Details" asking "Do you have a referral code?" with a toggle switch and a placeholder "Referral ID eg: 1289012".
- Middle Right:** A screen titled "Enter Personal Details" showing a dropdown menu for "Country of Residence" with options: Malaysia, Indonesia, Afghanistan, and Albania. It also shows a list of names with checkboxes: Chinthaka Ferdowsi, Chinchin, chinchin@gmail.com, and Malaysia.
- Bottom Left:** A screenshot showing a list of items with small icons next to them, such as a hair dryer, washing machine, smartphone, etc. A red "Buy Now" button is highlighted.
- Bottom Middle:** A screen titled "More Than 10,000,000 Products & Services At a2a Mall" with a "Sign In" and "Sign Up" button.
- Bottom Right:** A screenshot showing a list of items with small icons next to them, such as a hair dryer, washing machine, smartphone, etc. A red "Buy Now" button is highlighted.

This collage displays a variety of mobile application interfaces, likely from the 11Street ecosystem, showing different services and user flows.

- Top Left:** A promotional screen for "Baby Bash Crazy Deals" with a "NOT NOW" button and a "Unlock Full Membership for Lifetime" offer.
- Top Middle:** A "Continue" button on a white background.
- Top Right:** A "Sign Up" button with a "Full Sign Up to Earn More or Log In" link.
- Middle Left:** A screenshot of the 11Street mobile web interface showing a "Baby Bash" deal banner, product categories (Best Seller, Diapers, Nursery, Formula & Food), and a "Halford" cashback offer.
- Middle Center:** An H&M pre-sale page with a "PRE-SALE UP TO 60% OFF" banner, a "10% discount for RM10" offer, and a grid of women's clothing items.
- Middle Right:** An a2a landing page featuring a map icon and a "Exclusive Featured Offers by Offline Affiliate Partner Stores" section.
- Bottom Left:** A "My Cart (2)" screen showing two items: "Clean & Clear Blackhead Eraser Facial Scrub" (RM12.10) and "Mondo Mineral SM/CF 20W-50 - 4L" (RM76.10).
- Bottom Center:** A search results page for "Shoe" with a search bar and a list of products.
- Bottom Right:** A 11Street Malaysia (Mobile Web) interface showing a "No.1 Shopping Experience" banner, a character icon, and a "Notify Me When E-Shop is Available" button.
- Far Right (Large Overlay):** A detailed view of the 11Street search filters, including sections for "Sub-categories" (Tops, Dresses, Pants, Kids & Babies), "Rating" (1 to 5 stars), "Price" (RM1.00 to RM2,000.00+), "Distance" (Auto, 1, 4, 16, 40, 80), "Color Family" (Black, Blue, Red, Pink, Brown, Navy Blue, Maroon), and "Size" (0.2, 0.5, 0.8).

User Interfaces for the mobile app I have designed from onboarding, sign in/sign up, browsing online & offline shops, search, filter, e-commerce order checkout, contest page to profile settings.

Every three minutes a child in the US has an anaphylactic allergic reaction, and every six minutes a child is brought to a hospital, or urgent care center in response to allergy-related anaphylaxis.

Aibi is a design concept that consists of a redesigned epinephrine auto-injector that is more portable and easier to use, a wearable for kids to determine allergic reactions, and a medical emergencies alert system to delegate adults to take action in the case of emergency situation.

Aibi is designed to help kids to defend against allergies. By empowering elementary school children to take action in the quick onset of severe allergies, Aibi can be a critical step in ensuring their survival.

Source Sans Pro was designed by Paul D. Hunt as Adobe's first open source typeface family, conceived primarily as a typeface for user interfaces. Source Sans Pro draws inspiration from the clarity and legibility of twentieth-century American gothic typeface designs. Distilling the best archetypical qualities of these models, Paul followed a rational design approach by simplifying glyph shapes by paring them to their essential form. However, in order to more easily differentiate similar letter shapes (such as uppercase I and lowercase L), some additional details have been added. Besides providing such explicitly clarity in short text strings, another fundamental design consideration was to create a typeface that reads well in extended settings. This can be seen in the general proportions: Source Sans Pro has been designed with a more generous width than many other comparable gothics, and its shorter majuscule letters, combined with minuscule letters with longer extenders, create a more pleasant reading texture in longer text passages.

A screenshot of the ReachOut profile summary page for a user named Qing Meng Lee. The sidebar shows "MAIN" categories: Career, Events, Marketplace, Courses, and Chat (which is selected). The profile summary includes a photo, name, and student status. The "My Courses" section lists several courses with codes like PGK110, PG1111, EMG300, IC305, ENG6000, and MA110. The "Financial" section shows an outstanding balance of RM 3,744.68 and total fees paid of RM 15,764.26. A purple circular graphic is overlaid on the bottom right.

A screenshot of the ReachOut profile summary page for a user named Nurul Aizah. The sidebar shows "MAIN" categories: Career (selected), Events, Marketplace, Courses, and Chat. The profile summary includes a photo, name, and student status. The "Profile Summary" section shows her as a Graphic Design Student at the School of Art. Below this are "Message Me" and "Resume" buttons. The "About" section provides details about her school, major, department, standing, availability, and a "Connect" button. Social media icons for Facebook, Twitter, LinkedIn, Instagram, and YouTube are at the bottom. A purple circular graphic is overlaid on the bottom right.

### About

I am currently a student at National University of Malaysia working towards a Graphics Design degree. I am a hardworking, collaborative leader who strives to do the best I can in any field that I enter into. I am passionate about helping others and providing assistance to those who need it.

I make complexed things simple for users. I really believe that understanding the users' needs and identify the problems, feeling the pain of users is the most effective way to help solve the problem. Having both visual design and research background, and worked with several projects in the industry, I believe lean ux can get designers out of the deliverables business and back into the experience design business.

### Design and Application

is a description of a system using mathematical concepts and language. The process of developing a mathematical model is termed modeling. Mathematical models are used in the natural sciences (such as physics, biology, Earth science, meteorology) and engineering disciplines (such as, artificial intelligence), as well as in the social sciences (such as economics, psychology, sociology, political science). Physicists, engineers, social scientists, and economists use mathematical models most extensively. A model may help to explain a system and to study the effects of various inputs, and to make predictions about behaviour.

# BorderTransfer

How do you usually exchange foreign currencies—at a store or ATM right?

Your time is precious. Don't waste it queuing. Borderpass allows Singapore locals or expats to buy foreign currencies online and we deliver right to your doorstep at competitive rates.

The image shows a laptop screen and a smartphone screen. The laptop screen displays the 'Your Order' section of the BorderTransfer website, showing a booking for SGD 554.02 to GBP. The smartphone screen displays the 'Delivery Personnel' interface of the app, showing a list of assigned jobs with details like customer name, receiving amount, and action buttons.

The image shows the 'Delivery Details' section of the BorderTransfer website. It includes a date picker set to Friday, 4 May 2018, and a dropdown menu for delivery time. The page also features a sidebar with the 'Your Order' summary and a large circular icon with a document and upload arrow.

Date of Delivery	Receiving Amount	Rate	Total	Status
15/5/2018	GBP 554.01 ≈ SGD 1,000.00	1.8049	SGD 1,000.00	Pending

Please select your location

6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
27	28	29	30	31	1	2

You may want to key in the following:

1. Any additional instructions for us to deliver the money?
2. Any smaller change of denomination?

Date: Friday, 4 May 2018

Time: 1:00 PM - 2:00 PM

Location: 20 Malacca St, Singapore 048979

Amount Payable: SGD 1,000.00

Payment Proof:

Customer Proof:

Please deliver the money through the backdoor of my apartment. I would like to get smaller change of

# Superadmin

Using the web application, Superadmin can set the rate of different foreign currencies and use the auditing tool to track who made the changes and what has been changed. Besides, they can also create new staff account and set the roles and privileges respectively.

# Delivery Personnel

Using the mobile web application, Delivery Personnel can mark a packet as “Delivery Completed” after successful delivery. Since these are sensitive and private issues about money, the delivery personnel are required to upload proof of the packet image with the client's NRIC image as proof of delivery.

# Inventory Management

The screenshot displays the BorderTransfer web application interface. On the left, a sidebar menu lists navigation options: Dashboard, Orders, Customers, Rate Management (selected), and Account. A dropdown menu for currency selection shows British Pound (GBP) as the current choice, with other options like ARS (Argentine Peso), HKD (Hong Kong Dollar), KRW (South Korean Won), AUD (Australian Dollar), and BRL (Brazilian Real) listed below. The main content area is divided into two main sections: "Rate Management" and "Customer Details".

**Rate Management:** This section allows users to set new currency exchange rates. It includes a search bar, a table for setting rates (e.g., 1 GBP = 1.00 GBP, 1.82 SGD), and a historical record of exchange rates set by users like Sarah Young and James White. The historical records show dates (10 May, 25 April, 10 May 2018), user initials (SY, JW, NA), and the exchange rate (e.g., GBP 1.00 = SGD 1.82).

**Customer Details:** This section provides information for a specific customer named Ola Bass from Tampines, Singapore. It includes basic information (date of birth: 06 Oct, 1993, contact: +65 90668301, NRIC: S9337659E, location: Singapore, date of issue: 20 Oct, 1993, deactivate account button), and a list of past orders. The past orders table includes columns for Order ID (e.g., C78190, C62291), Date (e.g., 4 May 2018, 1-2 PM), Location (e.g., 20 Malacca St, Singapore), Amount Payable (e.g., SGD 1,000.00), and Action (Manage button).
